

Startup Campus University

Innovative Idea Battle

In 2018, Enterprise Hungary is organizing the first university idea competition in the region. Startup Campus University offers students of 10 European countries the opportunity to present and validate their ideas in front of investors and market participants.

The aim of the initiative is to discover new, innovative ideas, to encourage entrepreneurship, to foster the emergence of innovative ideas from the university and to promote regional cooperation. Startup Campus University also aims to provide closer collaboration between large companies, universities and investors.

The program is open to all university students with innovative entrepreneurial ideas or prototypes can take part in the program and complete their studies in the following countries:

Austria, Hungary, Romania, Slovenia, Serbia, Croatia, Czech Republic, Poland, Ukraine, Slovakia

Following the online application, 16 student teams selected by the professional jury will take part in a two-day preparation in Budapest, where the best 8 will be chosen to proceed to the finals in Vienna.

The finalists will receive a 9 million HUF investment offer from the organizers and their partners and will participate in the Startup Camp's summer incubation program. The winning team will receive an investment of up to 150 million HUF by the jury of international investors.
